LETTERS FROM THE PEOPLE TO OUR SENATORS

A constant stream of letters is flowing into Washington to our Senators from Commercial Clubs, business and professional men and individuals from Louisville, Cincinnati, Indianapolis, Lexington, Danville, Knoxville, Asheville, Richmond and towns and counties along the proposed route as well as from various states thanking these workers in the good cause of Boone Way and requesting their continued efforts for the success of our great undertaking.

See Senator Bradley's in the list below.

UNITED STATES SENATE
COMMITTEE ON REVOLUTIONARY
CLAIMS
SEPTEMBER 5, 1913.

JAS. MARKE, Esq.
Mt. Vernon, Ky.

DEAR MARKE:

You may rest assured that I am not going to leave any stone unturned to assist you concerning Boone Way.

Sincerely your friend,
W. O. BRADLEY.

Covington, Ky.,
Sept. 4 13.

Senator William O. Bradley,
Member of the Senate,
Washington, D. C.

My Dear Senator:

As a Rockcastle boy, I desire to thank you most heartily for your efforts in pushing and directing the movement for the construction of "Boone Way" from Cumberland Gap to Crab Orchard. In my opinion, the cause is very meritorious and I hope you will continue your labors in its behalf.

I see you have made a speech, and as usual, you made a good one.

I am,

Very truly yours,

R. G. WILLIAMS

Covington, Ky.,
Sept. 4, 1913.

Senator Ollie M. James,
Member of United States Senate,
Washington, D. C.

Dear Senator:

The greatest movement inaugurated within my knowledge, for the people of Eastern Kentucky, is that of the construction of "Boone Way" leading from Cumberland Gap to Crab Orchard. The high way is justly due these people and the construction of this road will be the greatest and most beneficial lesson they have ever had.

With such a highway, built thru Bell, Knox, Laurel and Rockcastle, the local people would follow with many other pikes throughout each county, and roads are what these good people are sadly needing.

Senator, won't you put your massive shoulders to their wheels and help them roll the wagon out of the muddled mire of bad roads on to a model pike? It would be the very best investment the Federal Government ever made. It would greatly encourage the farmers of these and other counties, giving impetus to the business man, and be a God send to the children, by providing them with means by which they could attend the high school at the County Seat and yet remain at the parent's fire side at night.

I learn that you have endorsed this movement and I most respectfully urge upon you to render all possible assistance to this very worthy cause in your power.

With highest personal regards,

I am,

Your friend,

R. G. WILLIAMS

Cincinnati, Ohio,
Sept. 5, 1913.

Senator W. O. Bradley,
Washington, D. C.

Dear Sir:

We note with pleasure the interest you are taking in the matter of the "Boone Way," the project which is being supported by the Mt. Vernon Commercial Club, of Mt. Vernon, Ky.

The writer has had this matter brought to his attention as Chairman of the Trade Expansion Committee of the Cincinnati Chamber of Commerce. We made a special trip sometime ago through Ken-

tucky and Tennessee, and from the opportunities offered to study the conditions, our Committee recommended the indorsement of the "Boone Way" project. This indorsement was concurred in by the Board of Directors of the Cincinnati Chamber of Commerce.

We hope that you will be successful in your efforts to secure the support of the United States Government, as we feel certain this improvement will not only benefit that part of the State of Kentucky, but the interests of Cincinnati and surrounding territory will also receive benefits, for the reason that Eastern Kentucky is one of the best markets for our merchants. We are therefore interested in all improvements and advantages gained by our "sister" state of Kentucky.

The writer is a resident of Newport, Ky., and that is another reason why I am personally interested in our Grand Old Commonwealth getting her share of Uncle Sam's support and favorable consideration.

Yours truly,
Wm. T. JOHNSTON,
Chairman Trade Expansion
Committee, Cincinnati Chamber
of Commerce.

KENTUCKY PRESS ASSOCIATION

OUR schools began this week. The Graded school commenced Monday and the Langdon Memorial opened Wednesday. Both institutions are doing a great work and if either does the greatest good, the co-operation of the parents, patrons and people in general, is absolutely necessary. A child is a child, and no two are constituted alike, and when the parents simply turn their children loose, without rendering them any care or assistance, leaving the teacher to do the best he can, with no assistance from the home but rather a hindrance by reasons of unkind remarks, which the child hears from the disgruntled parents, about the school or some certain teacher in the school, it is no surprise that many children pass thru the school year and come out at the close but little better off than when the school opened a year before. If there is any criticism to be made, go to the proper ones to make it; if your child is not advancing as you think he should, see where the trouble lies, before making your criticism, it may be the child instead of the teacher and lastly if your child is dull, slow to take hold and does not make any effort to learn don't blame the teacher. Help the child, encourage him in his work, and above all see that he stays at home in the evenings, preparing his lessons for the following day instead of running around on the streets, listening to a lot of filthy mouthed men tell dirty yarns, and if this is done there will be less room for complaint and more general satisfaction with the school work.

The Middleboro News-Record has joined the Boone Way Booster Band and taken up the fight with the SIGNAL in pushing the cause of the greatest undertaking ever launched in the mountains, National highway from central Kentucky thru its South Eastern section. We gladly welcome this recruit to our ranks. We will have all of 'em with us soon.

SENATOR Joe Bosworth is doing valiant work in the cause of Boone Way.

LOCAL

The brick work on the Rockcastle will begin next Monday.

Ask to see Fish's \$10 special All-wool Blue Serge Suits for Fall wear.

Who brought it? They all say not I. We feel sorry for the man who fesses up.

The pastor of the Presbyterian church will preach his farewell sermon to the people of Mt. Vernon next Sunday.

If it's wear get it at Fish's and you know it is right:

Arrow Shirts and Arrow Collars in the new Fall styles at Fish's.

You get a good School Bag Free with Tess-Ted School Shoes at Fish's.

Mrs. J. E. Pennington, wife of the Clear Creek merchant, died at her home Wednesday. She was a daughter of the late John French and a sister of Tom French of the Wildie section.

The newest scheme for pushing the Boone Way is the printing of the map, showing the route with an appeal to the reader, on the appeal of letter heads. This is being used extensively here and is hoped it will be used by every business house on the Boone Way route.

Robert Nixon of the Wildie section broke the record a few days since when he sold to Wills Rogers of Paint Lick, one 3 months old heifer calf and a 4 months old bull calf for \$50. That is a record breaking price for calves raised in this section, but it is just as easy to raise the good ones as the sorry ones, say Mr. Nixon.

The Langdon Memorial School opened Monday with a full attendance. Most of the faculty for this year are new to us, but we feel sure that our students as highly recommended as they are, that the new members will prove themselves equal to the task, of helping to maintain the high standard which has characterized this institution for a number of years.

One of the interesting features is the new Kindergarten, which has an enrollment of thirty or more.

From week to week there will appear in these columns a report of the work, progress etc. of the school.

The Graded School opened Monday under the most promising conditions for a most successful year work. The faculty is the same as last year, with one exception, that of Mr. John D. Henderson, who has the grades taught by Miss Clark last year. The enrollment for the first day was little short of 250 and by next week, the enrollment is expected to reach the 300 mark.

The columns of this paper are open for a letter from the Graded School each week, telling of the work, progress etc., and we trust that some suitable person will be designated to look after this part of the work each week.

RESOLVE:

That you will keep so busy boosting that you won't have time to knock.

That you will vote, talk and work for a bigger, better, brighter town.

That you will help to make yours a good town so the town can make good.

That you will increase the value of your property by improving its appearance.

That you will say something good about your town every time you write a letter.

That you will invest your money at home when you make it and where you can watch it.

That you will not point out your town's defects to a stranger or fail to point them out to a neighbor.

That you will keep your premises picked up and your buildings repaired as a matter of both pride and profit.

That you will never buy a thing out of town until the local merchants have been given a chance to sell it to you.

That you will brag about your

town so much that you will have to work for it in order to keep from being a liar.

That you will take half a day right now to pick up the little odds and ends around the place and turn them into either use, money or ashes.

That you will contribute as much money as you can afford, and as much enthusiasm as anybody, to any movement to develop the town's resources.

That you will join the movement to induce the people in town to do their buying at home, or, if there is no such movement to start one.

That you will make friends with the farmers, if a town man, or with the town folks, if a farmer, and help work together for the good of the community of which your town is the center.

That you will "boost" all the time.

That you will throw out your chest and walk down town all tided up with an air of somebody—prosperous looks, looks of opportunity—and it may induce strangers to locate here, and be that way at home too, to demand respect of your neighbor—they too will think you prosperous.

That you will boost the Booster Band to light the land and form the Boone Way clear through to success.

That you will take your home paper at only a dollar a year, or six months for fifty cents, and learn all the good things about your town, your neighbor and yourself.

DO YOU FEAR CONSUMPTION

No matter how chronic your cough or how severe your throat or lung ailment is, Dr. King's New Discovery will surely help you; it may save your life. Crop Report Of Kentucky

ISSUED SEPTEMBER 10, 1913.

The general condition of crops in Kentucky as of September 1st is anything but encouraging. On August 1st an estimate was made by the various crop reporters in the State with the hope that rain would fall. Scattered rains did fall during the latter part of August, but they either were not sufficient or not soon enough to make the first of September estimate of the crops even as high as the estimate of Aug. 1st.

Corn has dropped to a condition of 58.4 per cent, which means but little more than a half crop. Barley tobacco still remains at 65 per cent, but dark tobacco has dropped to a condition of 54 per cent. Alfalfa is 70 per cent, cow peas 84 per cent and soy beans 72 per cent of an average crop. The spring sown clover shows an average condition of 63 per cent. The leguminous crops have held their own better than any other crop during this drought. Bluegrass is given at 60 per cent, orchard grass at 62 per cent and pastures as a whole are very inferior.

Live stock has suffered very materially on account of short pastures and scarcity of water. The condition of horses is given at 50 per cent, cattle 83 per cent, hogs 85 per cent and sheep 92 per cent. The condition of poultry has likewise declined. Chickens are given as 92 per cent, turkeys 80 per cent and ducks 85 per cent.

All kinds of fruits have deteriorated. Apples are small, many dropping from the trees, and their condition is shown as 67 per cent, peaches 74 per cent, plums 55 per cent and pears 58 per cent. Garden conditions are deplorable, dropping to 44 per cent.

Abundant rain falls would not help anything as far as this year's crop is concerned. The corn crop would grow worse instead of better should abundant rains fall now; the same is true of tobacco. The danger in the curing period for corn and for tobacco is in having an excessive amount of moisture. Rains now would only have a tendency to spoil what is left of these two crops. Moisture is needed very badly for fall seedling, and would benefit next year's crop in this respect. Good rains would improve fall pastures. Water for stock is a serious problem in many localities and many fires are reported as a result of the dry weather. A match dropped in pastures in the condition in which they are at present is almost like dropping a spark in a powder magazine. The water supply in many towns in the State has given out, and fire losses as a result of the drought are bound to be great.

One hundred and fifteen estimates of the cost of growing an acre of corn show an average estimate of \$13.95. Last month's estimate of the cost of growing an acre of wheat was \$10.17. It is interesting to note that the general opinion is that it costs \$3.79 more to grow an acre of corn than an acre of wheat. Last year's corn production in Kentucky was 30.4 bushels per acre. The present report would indicate a yield of about 18 bushels per acre for this year. Corn could have to bring about 77 cents per bushel on the average, based on this estimate of \$13.95, to pay the actual cost of production.

I. W. NEWMAN, Commissioner of Agriculture.

The Carnival has been to town. That's enough.

DIARRHOEA QUICKLY CURED

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. For sale by all dealers.

Woman's Danger Signals

Hot flashes—dizziness, spinning, headache, bearing-down feeling and all of a kindred nature—are nature's danger signals. The female disturbance or irregularity back of these calls for help, should have immediate care and attention. Otherwise the delicate female constitution soon breaks down.

Dr. Pierce's Favorite Prescription

For more than 40 years has been lending its health restoring aid to thousands of women year after year throughout its long life.

This wonderfully successful remedy imparts strength to the entire system—particularly to the organs distinctly feminine. Nerves are refreshed. The "stale", overworked business woman, the run-down housewife, and the weary care-worn mother of a family—all will gain strength from this famous prescription which 40 years has demonstrated its effectiveness—in liquid or tablet form.

DRUG STORE

Here are several reasons why I trade at C. C. Davis' Drug Store:

- BECAUSE—Quality considered, his price can't be beaten.
- BECAUSE—There are no delays: customers receive prompt attention.
- BECAUSE—Things we get at Chas. C. Davis' Store are all right.
- BECAUSE—Things that go wrong bought at "Chink's" place will be made right.
- BECAUSE—The poor man's dollar is worth just as much at Charley's place as the rich man's.
- BECAUSE—There are no leaks from his store; every deal is strictly confidential.
- BECAUSE—Chas. C. Davis is more grouchy if you don't buy.

W T. DAVIS

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.
